Roger has been and remains an important contributor to the PIC for many years. A man dedicated to the yiddishkeit of our community, both in our religious life, as a leader in our services and in his dedication to our spiritual life through his contributions to the Religious Practices committee.

Your recognition is well deserved.

Yasher koach Roger.

David Haft

There is speculation and enthusiasm that a new homonym be added to the Miriam Webster dictionary for each of the following words:

Generosity - ROGER
Sincerity - ROGER
Enthusiasm - ROGER
Loyalty - ROGER
Decency - ROGER

One of the wonderful ways the Pelham Jewish Center has enriched our lives has been our connection to so many of its congregants. Roger and the entire Krulak family has woven themselves into the fabric of the PJC in their unique and extraordinary way. Bob and I are so blessed to be a part of the strength we weave together.

#### Mazal Tov and Yashar Koach!

This honor is certainly merited. We thank you for your welcome into the PJC Community. You help us begin each Saturday in song and celebration.

What a perfect way to end the week. In a place where you ensure that "everyone knows our name, and they are always glad we came."

You volunteer so that every b - mitzvah can feel organized and spirited. You help make the PJC into the home that it outwardly resembles.

Thank you Roger for all you do, behind the scenes, as a mentor, with a laugh and a smile and maybe a l'chayim in the kitchen.

Peace, love, joy.
